- ☐ **LM** Left middle
- ☐ **LI** Left index
- ☐ **RI** Right index
- ☐ **RM** Right middle
- ☐ **RR** Right ring
- ☐ **RP** Right pinky
- ☐ **thumbs** Thumbs

Keys people often get wrong

- B is the LEFT index finger. Y is the RIGHT index finger.
- Capitals: hold Shift with the pinky of the OPPOSITE hand from the letter.
- Thick outline = home row. Rest there between keys.

Five habits

1. Eyes on the screen, not your hands.
2. Right finger for every key, even when it's slower.
3. Wrists straight and floating. Tap lightly.
4. Accuracy first. Speed comes later.
5. 10–15 minutes a day beats one long session.
